

Fresher's Day Celebration

Fresher's day was celebrated on February 2nd 2024. The second year students welcomed the first year students with impressive preparations. This was a token of love from the seniors to the juniors.

The faculty of CMS helped the second year students in all the ways they needed, for conducting the program successfully. They arranged rooms for practicing dance, music and so on.

The first program on fresher's day was welcoming the teachers and the students. After that, dance and singing programs were performed. Game shows were conducted and they were patterned in such a way that all the students got a chance, and were made to participate.

Games like music translation, identifying the tune, action copying, tongue twisters, etc, were conducted. Students speaking various languages study in our college, so different languages were used in the games, to make them more interesting and enjoyable.

A heartwarming speech was given by the Principal Dr. M. Leonard Ashok to the students. He also appreciated the second year students for giving a wonderful performance. Prizes were distributed at the end.

On the whole, the fresher's day was a scintillating performance.
