

# TLM WORKSHOP

TLM (Teaching Learning Material) Workshop was organized at CMS College of Education on the 13<sup>th</sup> of February, 2024. It was a two day workshop which aimed at teaching the need and significance of Teaching Learning Material to the student teachers of CMS College of Education.

On the 13<sup>th</sup> of February, the workshop began with the introduction of Teaching Learning Material by Dr. P. Ganesan, Assistant Professor of Geography. The student teachers were introduced to various teaching aids that are used in the present times. Followed by that, Mrs. V. K. Subashini, Assistant Professor of Computer Science, presented a seminar on Edgar Dale's Cone of Experience, which illustrates varying levels of learning retention through different sensory experiences. She also emphasized on psychological principles related to learning and learners' attitudes.

Dr. P. Ganesan, Assistant Professor of Geography gave an outline on the development of projectors over the years, and he also gave more ideas related to projectors and its types which exist in the current world. Later, Dr. C. Sumathi, Assistant Professor of Biological Science gave a seminar on various models that are used in teaching. She also presented some dummy and working models which gave the student teachers more ideas of the same.

On the 14<sup>th</sup> of February, the workshop began with a seminar on 'Multimedia in Education' by Dr. E. Lavanya Priyadarshini, Assistant Professor of Commerce, wherein, the student teachers were introduced to various multimedia tools that are used in Contemporary Education. Followed by that, Mrs. P. Ruckmani, Assistant Professor of Mathematics introduced various 2D and 3D models used in teaching. She also presented some models as examples to give more ideas about the same.

Dr. N. Priyadarshini, Assistant Professor of Physical Science, introduced various types of Display boards that are helpful in efficient teaching of the curriculum. The workshop came to an end with Mr. S. Mahendran, Assistant Professor of History introduced the student teachers to various Audio and Graphic aids that help the teachers in productive teaching of various topics in the curriculum.

On the whole, the TLM workshop helped the student teachers in understanding the various types of teaching aids that exist in the present times. It also emphasized on the importance and the proper usage of teaching aids based on the topics. Furthermore, it motivated the student teachers in using teaching aids which help in effective teaching.
